Spring 1986 Schedule of Courses

DIRECTORY OF CLASSES™

PUBLISHED IN WINTER 1985-86

© 1985 UNIVERSITY COMMUNICATIONS, INC.

Just because it holds four doesn't mean you have to take them.

Cavalier was designed on the premise that no automobile should ever sacrifice performance to comfort. A philosophy that has made Cavalier the best-selling car in America. That same logic has resulted in the new Cavalier RS Sedan. Firmly cushioned bucket seats up front and ample room in back make the new RS a natural choice when your co-workers are looking for someone to drive to lunch.

At which point, you'll develop an even greater appreciation for the RS's *other* comforts. Electronic Fuel Injection, sport suspension and available five-speed manual transmission. All of which give you the opportunity to do to your co-workers at lunchtime what you do to them during the rest of the day. Leave them behind.

Cavalier. For people who know where they're going.

More Great Magazine Values On Back!

Exclusive!

DOUBLE-THE-DIFFERENCE MONEY-BACK GUARANTEE

YOU ALWAYS GET THE LOWEST PRICES available, plus fast dependable service! THAT'S GUARANTEED — or your money back!

- If you ever see a lower current price for any magazine you buy from us, we'll pay you DOUBLE-THE-DIFFERENCE
- If you're ever unhappy with your magazines or service, we'll send you a prompt refund for all undelivered issues!

Although publishers may change their rates, we guarantee your order will always be processed at the lowest rate available to us at the time you order.

ORDER FROM AMERICAN WITH COMPLETE CONFIDENCE! WE HAVE SOLD OVER 5 MILLION DISCOUNT SUBSCRIPTIONS TO STUDENTS AND EDUCATORS ACROSS THE COUNTRY!

AMERICAN COLLEGIATE MARKETING

ORDER TODAY AND SAVE UP TO 50%!

IT'S EASY! Write in magazine codes (example: **TI1** for Time), circling "R" if renewing. To qualify for these special discounts, you must fill in the required school information. Choose the payment plan most convenient for you and mail today! Remember, you can use your student/educator discount for gift subscriptions, too! **Delivery:** For weeklies, expect your first issue in 3-6 weeks. Monthlies and others published less frequently may take a few weeks longer

AMERICAN COLLEGIATE MARKETING

"Only Bic makes a shaver for both kinds of skin."

Our new Bic for sensitive skin, or our regular Bic for normal skin.

It used to be a tough world for sensitive skin. But now Bic creates the first shaver to give sensitive skin the gentle, close shave it demands. And, of course, for normal skin there's the same great shave as ever. Let every man choose for himself. Or in the words of John McEnroe, "Gentlemen, pick your Bic."

BIC

Feel the Bic difference.

HOW TO REGISTER

The period from Monday, December 2nd through Friday, December 6th has been set aside for registration for Spring 1986. Please read the following instructions carefully so that you will understand how to register for next semester.

Where To Obtain Your Registration Forms

1. CAS declared majors at major departments.
2. CAS undeclared majors will have forms mailed with instructions.
3. CPCS registration packets will be mailed.
4. Management majors at McCormack Hall, 3rd floor, Room 415.
5. Nursing majors at Science Building, 3rd floor, Room 012.
6. Physical Education majors at Science Building, 3rd floor, Room 268.
7. Education majors at Science Building, 3rd floor.

FORMS MUST BE RETURNED TO THE REGISTRAR'S OFFICE BY DECEMBER 6, 1985.

- CPCS students should return their forms to the Office of Enrollment Services, 1st Floor, Park Square.
- Continuing students who do not submit pre-registration forms by December 6, 1985 will be assessed a $25 late registration fee.

Registration Forms

1. Each student is given a form on which to register. This form allows the option of registering for nine courses or seven courses with two alternates.
2. Free Time Request Form — These forms are used so that students may indicate particular hours during which they do not wish classes to be scheduled. To insure that the information can be interpreted, it is essential that a #2 pencil be used to fill in the slots corresponding to the times and days of the week during which you do not want classes scheduled.

   Use of these forms do not enhance your chances of receiving a section that you request, they could in fact limit your ability to obtain a course because you will not be assigned to sections that meet at hours from which you have exempted yourself. Use of these forms could limit your chances of receiving a full schedule.
3. The registration form and time exemption form are read by machine. This means the markings must be completed carefully, i.e., no erasures, stray marks, folds, etc. A #2 pencil must be used.

Semester Schedule Booklets

The schedule booklet is the list of courses that will be offered in the Spring '86 semester. Your program for the next semester should be chosen from this booklet, along with the course addenda which is a list of changes made to the semester booklet (added sections, cancelled courses, etc.). Please do not select courses from the schedule booklet without checking the addendum as changes may have been made.

The University course listing is a complete listing of courses offered with descriptions. University requirements are also listed in this book.

STUDENTS WHO OWE FOR A PREVIOUS SEMESTER WILL NOT BE ALLOWED TO REGISTER FOR FUTURE COURSES UNTIL ALL FINANCIAL OBLIGATIONS HAVE BEEN CLEARED.

THESE BILLS MUST BE CLEARED BEFORE THE END OF THE ADD/DROP PERIOD, (FEBRUARY 7, 1986) IF REGISTRATION IS TO BE PROCESSED FOR THE SPRING 1986 SEMESTER. AFTER PAYING FOR A PREVIOUS SEMESTER STUDENTS MUST APPLY FOR READMISSION.

HOW TO FILL OUT YOUR REGISTRATION FORMS

1. Be sure that all numbers are penciled neatly and completely. Double check to see that entries are accurate. If a number is incorrect or illegible or not blocked in totally, the entire transaction will be invalidated.
2. Use the 6 digit schedule number assigned to the specific section of the specific time you wish to take the course (see example 1 below).

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIMES	BLDG. FLR. RM.	CR	INSTRUCTOR
P-H-I-L-O-S-O-P-H-Y						EXAMPLE 1
			INTRO PHILOSOPHY			
PHIL	100					
	1	146301	MWF 9:30	1-1-054		ANDIC
	3	146327	TUTH 11:00-12:15	1-1-054		FOSTER
	7	146343	MWF 10:30	1-1-054		ANDIC

3. When registering for a course with 2 or more parts (lec., lab) be sure to include all parts or you will arbitrarily be assigned the missing portions (see example 2 below).

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIMES	BLDG. FLR. RM.	CR	INSTRUCTOR
C-H-E-M-I-S-T-R-Y						EXAMPLE 2
CHEM	241					
LEC	1	060096	TU 9:30-12:30	1-1-054		GELB
LAB	1	069119	TU 9:30-12:30	1-1-054		GELB

4. Alternate Choice — Some choices are listed with the notation 'Alternate choice advised'. This is used for courses which in the past have been consistently overenrolled. This does not mean you cannot request one of these courses, only that you would be well advised to consider making an alternate choice along with this request. It would also be helpful to use the 2 alternate choices whether or not it is specifically advised as their use enhances a student's possibility of obtaining courses. Alternates must be a different course — not a different section of the same course. For example: Alternate 1 will be considered only if course request 1 cannot be scheduled. Similarly, alternate 2 will be considered only if course request 2 cannot be scheduled. Alternates are not transferrable from one choice to another.

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIMES	BLDG. FLR. RM.	CR	INSTRUCTOR
P-S-Y-C-H-O-L-O-G-Y						EXAMPLE 3
PSYCH	245					
		NOTE	EDUCATIONAL PSYCH *Alternate choice advised*			
	2	161157	TUTH 11:00-12:15	2-1-608	03	OSHERSON
	4	161173	MWF 11:30	2-1-608		

Example 3 on following page. Illustrates how to register for alternate courses.

- **Rent with a friend and save even more.**
- Write and run computer programs in the comfort of your home.
- Do research on remote Computer Data Bases Libraries.
- Word processing for term papers, reports, etc.
- Communicate with any computer through your phone.
- Ideal for time-sharing/data-base applications on any computer.
- Improve your grades while saving time and money.
- Play computer games.
- No special equipment required. Use the phone you now have.
- **Digital VT 100's And 1200 BAUD Modems in stock.**
- **Full Screen Editing Compatible.**

INSTRUCTIONS

Using #2 pencil, fill in one block, (minimum) for each COURSE or Specific SECTION. Up to three blocks may be needed if specific sections of a course with lecture, lab and/or discussion portions are stipulated. Confine marks to designated positions. Do overlap marked positions.

Blocks eight and nine may be used where the Schedule Booklet indicated "alternate choice advised" because of frequent over-subscription. Otherwise, regular choices can be entered in eight and nine.

If one of these forms cannot describe the particular configuration of your course choices, a second form with additional information may be filed.

Carry completed form to the Appropriate Office.

EXAMPLE OF A COMPLETED TIME EXEMPTION FORM

Please note that Mr. Smith does not want to be scheduled into any evening courses if the sections that he initially requested are filled. If you want to insure that you are not assigned times for courses that you will not accept, please take care in filling out the forms correctly.

Completion of this form will GUARANTEE your free time request. It is important that you use it wisely as it may result in your receiving an incomplete schedule. You will NOT be scheduled for any courses during these times, even if you specifically request them. Check Schedule of Courses for further information. This form must be returned to the Registrar's Office.

PHYSICAL EDUCATION
SPRING 1986

Registration Procedures and Information

Registration forms for all Physical Education majors will be available in the Physical Education office, (Science Building, 3rd floor) from 8:30 a.m. to 4:30 p.m., Monday through Friday during Advance Registration, December 2-December 6, 1985.

Advising

Faculty will be available in the Physical Education office to assist students with course selection during Advance Registration. It is advisable to call and make an appointment with a faculty member (929-8598).

Students who have completed a semester and have declared a specialization in Physical Education should make an appointment to see their faculty advisor. Faculty advisor assignments may be obtained from the secretary.

All Physical Education majors must fill out a major registration card each semester. Each faculty advisor will have these cards or they may be picked up in the secretary's office. Please check to see that your name is on the department list of registered majors.

Course Selection

Degree requirements are available in the Physical Education office. Physical Education majors are expected to complete the core curriculum as set forth by the College of Arts and Sciences and are required to demonstrate proficiency in writing as outlined by the College of Arts and Sciences. Further information about the Writing Proficiency Requirement can be obtained from CAS Academic Support Services, M-3-625.

Any student who is not completing a program in Physical Education may elect up to **four skill-development courses** for credit during his/her college career.

Skill development courses may be listed in the schedule booklet as starting the first or second seven weeks. Courses starting the second seven weeks will commence the week of March 31, 1986.

COLLEGE OF ARTS AND SCIENCES
DECLARED MAJORS

Registration forms will be available within Major Departments and **must be returned** to the Office of Registration and Records by **5:00 p.m. on Friday, December 6.**

AND
SECONDARY EDUCATION MINORS

ADVANCE REGISTRATION/ADVISING INFORMATION UNDECLARED MAJORS

Faculty Advisors, Professional Staff Academic Advisors and **Peer Advisors** will be available to advise Undeclared Majors and Secondary Education Minors at the following times:

December 2–Monday	—10:00–12:00 and 2:00–6:00
December 3–Tuesday	—10:00–12:00 and 2:00–6:00
December 4–Wednesday	—10:00–12:00 and 2:00–6:00
December 5–Thursday	—10:00–12:00 and 2:00–6:00
December 6–Friday	—10:00–4:00

UNDECLARED ADVANCE REGISTRATION SCHEDULES

Must be approved by a Faculty Advisor or Professional Staff Advisors. ALL FORMS MUST BE SUBMITTED BY 4:00 p.m., December 6th.

COLLEGE OF MANAGEMENT (CM)
SPRING 1986

Registration Procedures and Information

Registration forms for all College of Management students will be available in the CM Office of Student Services (M/3/415) from 8:30 a.m. to 7 p.m., Monday through Thursday and from 8:30 a.m. to 5 p.m. on Friday during Advance Registration, December 2–6, 1985. Completed registration forms must be returned to the Office of the Registrar by 5:00 p.m. on Friday, December 6.

A full-time registration for CM students is a maximum of five courses. Registration for more than 15 credits requires written permission of the CM Assistant Dean for Student Services. Normally such permission is given only when a student's cumulative grade point average is 3.0 or above.

Advising

College advisors, as well as peer advisors, will be available in the CM Office of Student Services during the hours listed above to assist CM students with course selection.

Students who have successfully completed a minimum of 60 credits and who have declared a concentration are encouraged to make an appointment to see their faculty advisors. Faculty advisor assignments are posted in the CM Student Services area each semester. All CM students should also see a college advisor in the Office of Student Services several times during their college career to officially update their program plan.

Course Selection

Degree requirements are available in the CM Office of Student Services. Students in the College of Management are expected to complete general education requirements as well as other 100 and 200 level required course work during the first two years of study. All 300 and 400 level CM courses, including Management Core and Concentration requirements, may only be taken after the student attains junior (earned 60 credits) or senior standing (earned 90 credits).

Incomplete Courses

Students who have received an incomplete grade in a course through a prior arrangement with an instructor must go to the original instructor, or in his/her absence to the Department Chair, to make arrangements to complete the course. **Do not reregister for the course.**

Pass/Fail Regulations

Students in the College of Management may take elective courses only on a pass/fail basis. Required courses in general education, the management foundation, management core and concentration may **not** be taken pass/fail.

Writing Proficiency Examination Requirement

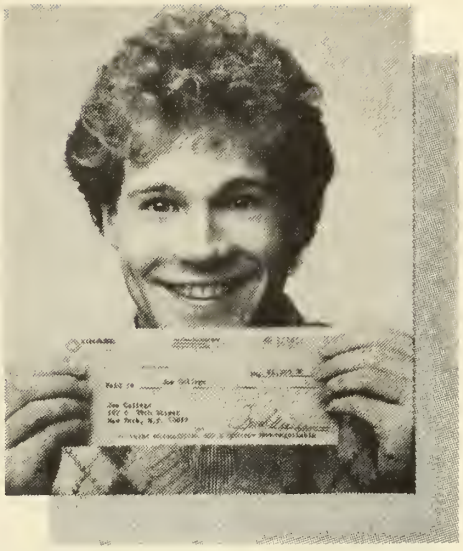
Management students must demonstrate their ability to write clearly and effectively by passing the College of Management Writing Proficiency Examination. The examination is offered each semester by the Department of Essential Skills (M/5/403). Students must preregister for the examination and are encouraged to attend workshops offered during the week preceding the examination. Dates, times, and places of examinations are available in the Department of Essential Skills and in the Office of Student Services for the College of Management.

Students who have not passed the CM Writing Proficiency Examination by the time they have completed 30 credits are required to take ESM 210, Critical Thinking and Writing. Transfer students who do not pass the Writing Proficiency Examination during the first semester in CM are required to take ESM 210.

Non-Management Students in CM Courses

Non-management students may only register for AF 210, Financial Accounting, and AF 211, Managerial Accounting. With very few exceptions, which require prior written approval from the CM Office of Student Services, registration in all other College of Management courses is closed to non-management students. Exceptions to enroll in a particular course(s) require a written request to the CM Office of Student Services accompanied by official transcripts of all prior college level coursework.

GET YOUR STUDENT LOAN AT CHASE.



IT REALLY PAYS TO LEARN FROM OUR EXPERIENCE.

Chase Has Been Putting Students Through College For Over 20 Years.

For over 20 years, we've been helping qualified students get college loans. With all this experience, you might say we major in the subject. And we're committed to giving you the attention you need and the understanding you desire.

You'll Get A Low Interest Rate Of Just 8%.

This low rate applies to first-time borrowers. And you don't have to pay back a penny of your Guaranteed Student Loan (GSL) until 6 months after you leave school. What's more, Chase gives you fast answers on your application status. And there's a special customer service hot-line that you can call with any questions you might have before you apply for a loan or at any time in the future.

Call 800-645-8308 For Your Chase Student Loan Application Today.

We'll send you booklets and information sheets that tell you what you want to know about a Chase student loan. You can also pick up your student loan materials at any Chase branch.

Get your student loan at Chase. You'll find it really pays to learn from our experience.

COLLEGE OF ARTS AND SCIENCES

Advance Registration Information

Advising During Registration For CAS Students

Students who are ready to declare a major (60 credit points) but have not yet done so must pick up Declaration Cards at the Registrar's Office. An advisor will be assigned by the major department.

All CAS students must plan their schedules and receive written approval of the schedule from a faculty advisor.

Students who have not declared majors will receive materials in the mail and will return their registration forms directly to the Office of Academic Support and Advising, not the Registrar's Office.

Undeclared Majors

All students in the college who do not have declared majors will receive forms in the mail. Students may come for individual advising according to the schedule listed below for December 2–6. All registration forms must be returned to the CAS Advising area by 4:00 p.m. on December 6th. The Office of Registration and Records will not accept registration forms from undeclared majors in the College of Arts and Sciences. (Advising area to be announced.)

Declared Majors

Registration forms will be available within major departments and must be returned to the Office of Registration and Records by 5:00 p.m. on Friday, December 6th.

COLLEGE OF ARTS AND SCIENCES COURSES LOAD POLICY

Students may enroll for no more than FIVE (5) courses. After the first semester, however, students may take ONE (1) additional course under the following conditions:

(A) The student's overall grade point average is 3.0 (or above) or the grade point average for the previous full-time semester is 3.5 (or above).

AND

(B) Written permission is secured from the Associate/Assistant Dean for Academic Studies.

INCOMPLETE POLICY

The grade incomplete (INC) is reported only where a portion of the assigned or required class work, or the final examination, has not been completed because of serious illness, extreme personal circumstances, or scholarly reasons at the request of the instructor. If the student's record is such that s/he would fail the course regardless of the result of the missing work s/he fails.

Permission of the instructor must be obtained and the **Form for Grade Incomplete** must be completed. These forms can be obtained from the appropriate Departmental offices.

A student receiving the grade of "incomplete" is allowed one full year in which to complete the course. The new grade must be submitted to the Registrar's Office by the grading deadline for that semester, i.e., by the end of the **next fall** semester for fall incompletes; by the end of the **next spring** semester for spring incompletes. The grade for any course not completed by this deadline will be converted to the grade of "F" and the course cannot be completed.

N/A grade and class attendance

The N/A grade signifies that a student who has registered for a course and not dropped it or withdrawn from it is **not in attendance.** The grade may be awarded to students early in the Add/Drop period. Students whose names appear on a course roster may be dropped from the course and added to the end of the waiting list at the end of the second class session if they have not attended either class or have not communicated their intention of attending the class to the instructor or the department chair in writing. In the case of a class that meets only once a week, failure to attend or to communicate the intention to attend either to the instructor or department chair by the beginning of the second meeting will result in the student's name being dropped from the roster and placed at the end of the waiting list. Students who receive the grade of N/A and who do not drop the course during the add/drop period are liable for the course tuition.

IMPORTANT NOTICE FOR SPRING '86 SEMESTER

Registration for all students will be held from December 2nd – December 6th (one week only).

All continuing degree students must register during this period or they will be assessed a $25.00 late registration fee.

THE WRITING PROFICIENCY REQUIREMENTS

Part of the Core curriculum requirement is the demonstration of proficiency in writing. This must be done by the beginning of the junior year (60 credits). The requirement holds for all students who entered CAS as freshmen in September, 1978 or thereafter, or for transfer students who entered CAS in January, 1979 or thereafter.

Proficiency may be demonstrated either by passing a special examination or submission of a successful portfolio.

The Writing Proficiency Examination

The examination is given four times a year. Dates are posted in the Mass Media and in the Office of Academic Support and Advising (M/3/625). A student may sign up a month in advance of the schedule date, and will receive the reading materials upon which the examination will be based. In order to pass the examination, the student must write an acceptable essay based on a question designed to elicit evidence of thorough understanding of the material read, as well as the ability to synthesize the material, draw inferences, and construct a well-organized response in good English.

Note that the Writing Proficiency Examination **is not the same as the English Placement Test** which all students take upon entrance to the College.

The Portfolio

The portfolio offers an alternative method of demonstrating writing proficiency. It may be submitted at any of the scheduled examination times. It consists of four papers, each at least five typewritten pages in length. Three of these are expository papers, written for courses, and based upon reading materials. The instructor's assignment and affirmation of originality must be included in each case. The fourth paper is a new one, written on a topic and a series of readings distributed by the Office of Academic Support and Advising.

Students who have not satisfied the writing proficiency requirement by the beginning of the junior year will have curtailed schedules until the requirement has been satisfied. Complete details of the regulations are available in the Office of Academic Support and Advising.

MANAGEMENT MINOR FOR CAS STUDENTS

The College sponsers a minor in management in collaboration with the College of Management. Prerequisites include Econ E101, Econ E102, Math D110, Statistics, the completion of 45 credits, a grade point average of at least 2.75 and completion of prerequisite courses with a B– or better. More information and application forms are available in the CAS Office of Academic Support and Advising.

COLLEGE OF ARTS AND SCIENCES CORE CURRICULUM (Revised)

Students who entered the College of Arts and Sciences prior to Fall 1979 may fulfil the Core I or Core II requirements. For specific information, contact the College's Office of Academic Support and Advising.

THE CORE CURRICULUM

The CAS senate has established a Core curriculum that will constitute approximately one third of the student's total academic program and complement the student's concentration in one field or discipline of study with a general, coherent exposure or introduction to the several areas and disciplines into which liberal learning is organized.

Liberal Learning—the kind of learning that broadens awareness, deepens understanding, poses alternatives, and informs vital decisions—may be divided into seven broad categories, four of which are designated as Core areas and three of which are designated as Core **disciplines**. Categories designated as **areas** include the following: I. Historical and Cultural studies concern the reconstruction and interpretation of the human past and seek to understand both literate and non-literate cultures. II. Philosophical and Humanistic studies focus on the analysis of concepts and values, social, ethical, religious, and cognitive, and interpret the world through the critical application of such concepts and values to experience. III. Social and Behavioral Sciences—such as anthropology, economics, psychology, politics, and sociology—analyze the world in terms of structures and processes of behavior, of social interaction and institutions. IV. The Arts approach the world through an awareness and use of forms of creative expression such as music, drama, literature, natural sciences, paintings, sculpture and architecture. The three Core **disciplines** are foreign languages and mathematic and computer languages. V. Natural Sciences seek an experimental understanding and application of the laws that explain natural phenomena, and approach the human world through a study of its natural elements, structures and processes. VI. Foreign Languages provide an understanding of human thought, feeling and culture through a study of the structures, meaning, functions, and development of speech; the study of a language not one's own improves mastery of one's own language and contributes eventually to the understanding of another culture. VII. Mathematics and Computer Languages exhibit self-enclosed symbolic systems whose analytic pleasures and practical uses extend our sense of the nature and processes of human thought and the manageability of reality. All seven areas are components of a liberal education. One is not liberally educated without a basic sense of what they are, how they work, and how they may relate to each other.

CORE CURRICULUM REQUIREMENTS
(Students Matriculated Fall 1979–Spring 1985)

The College of Arts and Sciences has **revised** the Core Curriculum, and these revisions will be in place for Fall Semester 1985. The **revised requirements will not apply to any student admitted and matriculated prior to the beginning of the Fall 1985 term.** Students admitted to and matriculated in the College between Fall 1979 and Spring 1985 are still required to take 12 courses in six or seven core areas, up to three courses in any one area, otherwise no more than two, and at least three core courses at the intermediate (200) level.

N.B. There are two changes that affect students in this category. Previously all core courses were identified with the prefix "C". Beginning in the Fall 1985 term, Core courses have **three** different prefixes: "C", "D", and "E". Students may use courses with any of these prefixes to complete the core requirements, but **must** complete 5 "C" courses. The second change involves waivers; see Core Course listings, Math and Foreign Language.

The Requirements:

1. 1 Year of freshman writing (or gain a waiver by placement exam).
2. 12 Core courses selected from the following seven areas; in any one area, a student may count up to three courses, otherwise no more than two. Three of the Core courses must be at the intermediate level.

   Historical and Cultural Studies
   Philosophical and Humanistic Studies
   Social and Behavioral Sciences
   Natural Sciences
   The Arts
   Mathematics and Computer Languages
   Foreign Languages
   (students electing first-semester courses must complete two semesters in the same language.)

Any of the following patterns will satisfy the Core requirement:

Seven Areas	Six Areas
2,2,2,2,2,1,1	2,2,2,2,2,2
3,2,2,2,1,1,1	3,2,2,2,2,1

A student who presents evidence through placement score or transcripts of intermediate proficiency in a foreign language or of work equivalent to college calculus (Math 140, 141) may waive the foreign language or mathematics courses. Students granted a waiver in foreign languages or mathematics need take only 10 Core courses in the remaining six areas, only 1 of which need be intermediate; students granted two waivers need take only 8 Core courses in the remaining five areas, none of which need to be intermediate.

3. All students must pass the writing proficiency examination or present a satisfactory portfolio of papers before the beginning of the junior year (60 credits).

CORE CURRICULUM REQUIREMENTS
(Students Entering In Fall 1985 And Thereafter)

For a statement of the core curriculum and the areas of instruction, see above.

Identification of Core Courses

All courses that satisfy core requirements are identified by a prefix "C", "D", or "E" in their course number. "C" courses offer instruction in writing critical thinking or computational skills within the areas of the Arts, Philosophical and Humanistic Studies, Historical and Cultural Studies and Social and Behavioral Studies. They feature small classes. "D" courses offer basic instruction in disciplinary skills in the Foreign Languages, Mathematics and Computer Languages and the Natural Sciences. "E" courses are electives in all core areas and typically introduce the academic fields within the core areas. C, D, and E courses are offered at both the introductory (100) and intermediate (200) levels.

In the sections of course descriptions appearing later in this catalog, offerings satisfying Core Curriculum requirements are listed first. (To learn which core courses are to be offered each semester, students should consult listings issued by the Office of Registration and Records prior to registration).

Core Requirements

** Twelve courses from no less than six of the seven core areas.
** In any one area a student may count up to three courses, otherwise no more than two.
** Of the twelve courses, students must take:
   (i) Three "C" courses at the 100 level.
   (ii) Two "C" courses at the 200 level.
   (iii) At least three "D" courses.
   (iv) The remainder as "E" courses or "D" courses.

   Students may count no more than five required "C" courses toward the core requirement or toward graduation. This restriction does not apply to students admitted before September, 1985. Those students have the option of satisfying the 12 course requirement with C, D, or E courses in the appropriate areas.
** At least three of the 12 core courses must be taken at the 200 level.

Waivers

Students who present evidence through placement scores or transcripts of intermediate proficiency (equivalent to the fourth semester of college work) in a foreign language or of work equivalent to college calculus (Math 140, 141) may waive Foreign Language or Mathematics courses. Students granted a waiver in Foreign Language or Mathematics need take only 10 courses to complete the distribution requirement, students granted two waivers need take only 8 courses to meet the distribution requirements. One of the courses may be a course in Mathematics beyond Math 141 or in Foreign Language beyond the intermediate level.

CORE WRITING REQUIREMENTS

Freshman Writing

All students must take a year of Freshman Writing or gain a waiver by examination.

Proficiency in Writing

Both the overall design of the Core Curriculum and the materials and methods of individual core courses assist students in acquiring proficiency in the skills of writing, of languages other than their own, of mathematics, of the arts, and of science. Foremost among these skills is the ability to use the English language effectively to present ideas clearly, correctly, and persuasively in prose. For this reason the College requires all students to demonstrate proficiency in writing by either passing a Proficiency Exam or submitting a satisfactory portfolio of papers before the beginning of the junior year. Further information about the Writing Proficiency requirement is available from the College's Office of Academic Support and Advising.

Transfer Credits

Approved courses from other institutions offered by transfer students will be accepted for distribution requirements within the relevant core areas. If fewer than 12 courses are accepted for distribution at the time of transfer, the student must complete the remainder of the requirement within the college. Please consult the Director of Transfer Affairs in the Admissions Office for further information.

CREDIT FOR ACADEMIC SKILLS COURSES

Students who need to take Academic Skills courses may take all five courses, but may only count 4 credits towards the Arts and Sciences requirement for a B.A. or a B.S. degree, of these only 2 may be in Math Skills (ACDSKL 003 or ACDSKL 034).

Students may not count more than 5 required "C" courses towards the CORE Requirements).

THE COLLEGE OF ARTS AND SCIENCES

In The Core Curriculum, Spring 1986

ATTENTION:

1. Students matriculated 1979 - Spring 1985 may take C, D, or E courses to meet CAS Core Requirements; these students must have at least S C courses and then may complete the core with D or E courses.
2. Students matriculated beginning in Fall 1985 may take only S C courses for credit; please consult core instructions in this booklet.
3. All students in the College of Arts and Sciences must pass the Writing Proficiency Exam before earning 60 credits. Any student who registers for Spring 86 with 68-89 credits who has not passed the exam is subject to probation; any student with 90 or more credits who has not passed the exam and does not pass it in early January 1986 is suspended and will not be allowed to take courses in Spring 1986.
4. The Core Curriculum is intended for matriculated CAS students and those in other schools, colleges, programs who must follow the CAS core.

MATH AND COMPUTER SCIENCE

NOTE: 1. All the following Math/Computer Science courses meet the core requirements: Math D110, D124, D125, D130, D135, D137 (elementary level), and Math D138, D140, D141 (intermediate level).

NOTE: 2. Philosophy D120 is also in the Math/Computer Science area of the Core.

NOTE: 3. Students who present evidence (by transcript) of college work equivalent to college calculus (Math D140, D141) reduce the number of core courses needed to meet the requirement to 10. One of these 10 courses may be a course beyond Math D141. This applies to current students as well as new students.

FOREIGN LANGUAGES

NOTE: 1. All elementary and intermediate level foreign language courses satisfy core requirements. Students beginning language study at the elementary (101) level must complete the 102 level to have the courses count toward the core requirement.

NOTE 2. Students who present evidence, through placement scores or transcripts, of intermediate proficiency (equivalent to the fourth semester od college work) may waive foreign language courses and reduce the number of core courses needed to meet the requirement to 10. One of these 10 courses may be in foreign language beyond the intermediate level. This applies to current students as well as new students.

NOTE 3. Elementary level modern language courses meet for four class hours per week and also for one lab hour (4 cr). Classical languages meet for three class hours per week (3 cr).

AMERICAN UNIVERSITY OF THE CARIBBEAN
SCHOOL OF MEDICINE

"GUARANTEED STUDENT LOAN PROGRAM AVAILABLE"

Students of the AMERICAN UNIVERSITY OF THE CARIBBEAN, SCHOOL OF MEDICINE (AUC) in Montserral, British West Indies are eligible to participate in the Guaranteed Student Loan Program. This is just one of the many attractions of AUC. Other important attributes include:

- An impressive record of many AUC students successfully transferring to U.S. medical schools.
- Accelerated 3-year (38 months) M.D. program taught in English
- Approved by the Veterans Administration for VA Benefits.
- Listed by the World Health Organization.
- American curriculum/American & British faculty members.
- AUC has over 700 graduates. Almost all are in U.S. residency programs and many are also licensed.
- AUC has a 7-year track record of student successes
- Three starting classes per year. Beginning in January, May and September
- Montserrat is a politically stable democratic British Crown Colony of the United Kingdom, which assures students a peaceful and uninterrupted education

AUC'S MULTI-MILLION DOLLAR campus facilities are comprised of library, laboratories, lecture halls, state of the art audiovisual system, dormitories, cafeteria, student activities center and much more. This substantial investment, serves to underscore AUC's COMMITMENT to quality education. To receive additional information, call or write to

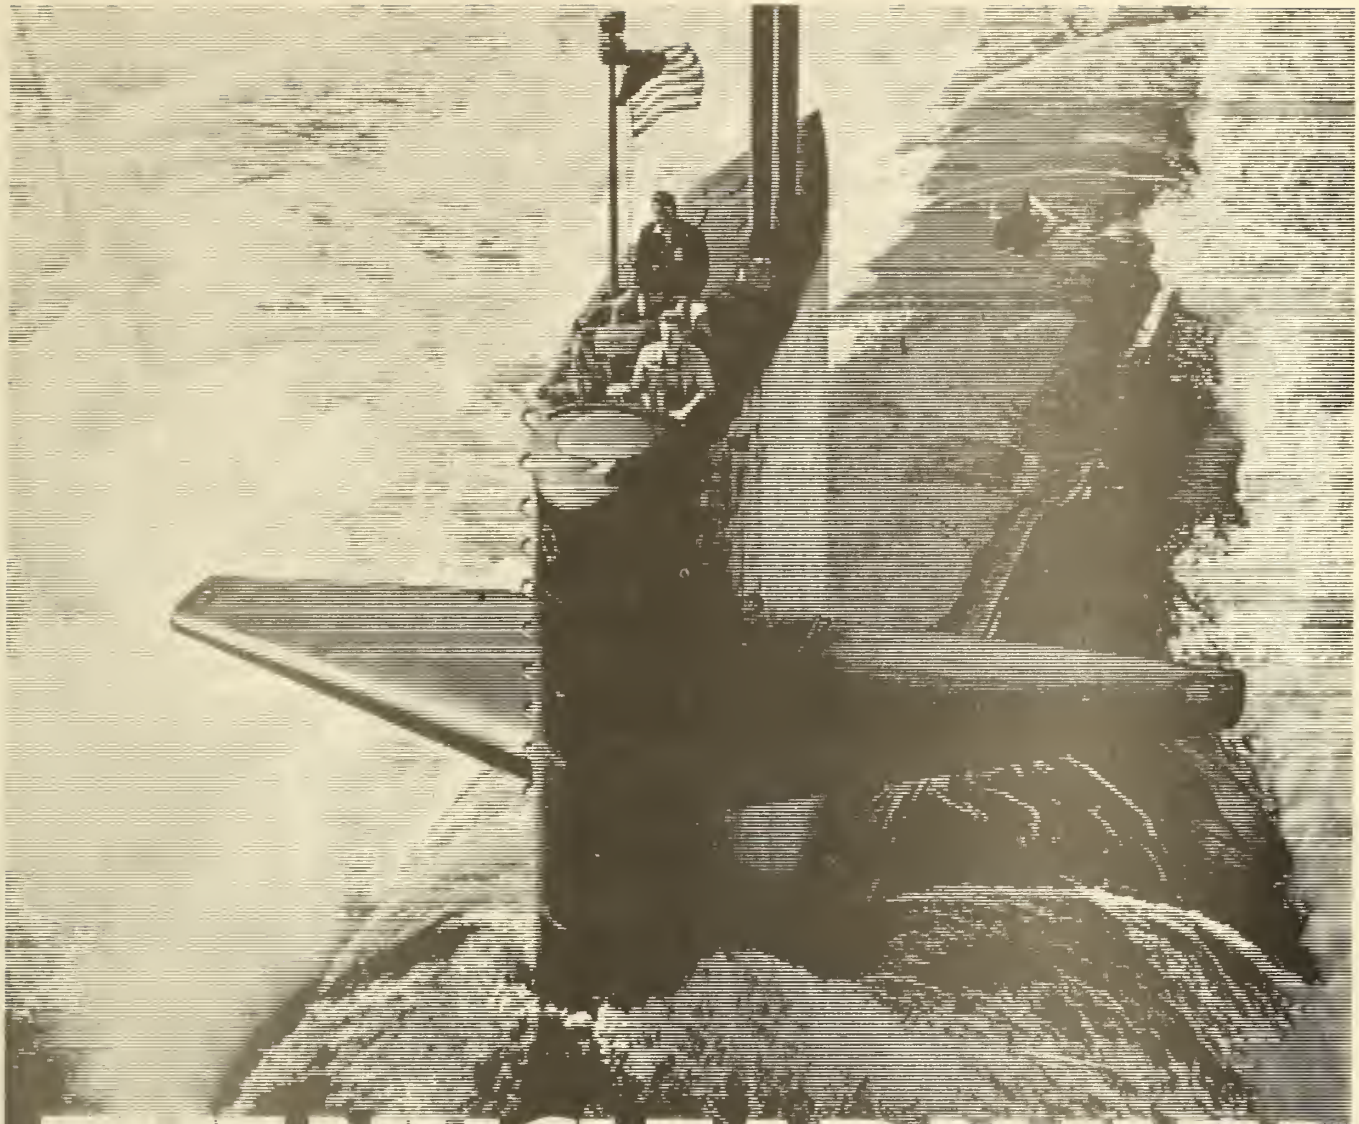
(Continued on page 28)



THE NUCLEAR NAVY. RIDE THE WAVE OF THE FUTURE.

You're deep under the sea. There are 4600 tons of nuclear-powered submarine around you. Your mission—to preserve the peace.

Your job—to coordinate a practice missile launch. Everything about the sub is state-of-the-art, including you.

The exercise—a success. You're part of that success and now you're riding high.

In the nuclear Navy, you learn quickly. Over half of America's nuclear reactors are in the Navy. And that means you get hands-on experience fast.

You get rewarded fast, too. With a great starting salary of $22,000 that can build to as much as $44,000 after five years. And with training and skills you'll use for a lifetime.

Then, whether you're in the Mediterranean, the Pacific or the Atlantic, wherever you move around the world, you'll be moving up in your career and in the Navy.

Find out more about an exciting future that you can start today.

See your Navy Recruiter or **CALL 800-327-NAVY.**

NAVY OFFICERS GET RESPONSIBILITY FAST.

(*Continued on page 36*)

Get a calculator that has no equal.

Get a calculator from Hewlett-Packard.

So advanced, they don't need an "equals" key. So extremely simple to use, you'll be easily solving the most difficult course-related problems.

There are five HP calculators to choose from.

The HP-12C offers more financial calculating power than any other hand-held. Press just one key and quickly solve time value of money calculations like net present value, internal rate of return, or amortization.

Into science, mathematics or engineering?

With the HP-11C, you'll save time and effort. Scientists and engineers depend on the HP-11C for fast and accurate logarithms, gamma functions, conversions between degrees and radians, plus much more.

The HP-15C offers more built-in advanced math and statistical calculating power than any other hand-held. Beyond trigonometric and logarithmic functions, the HP-15C features complex arithmetic, matrix operations, root-finding and integration.

The HP-16C makes short work of tedious computer science applications. Use the HP-16C to perform number base conversions, bit manipulation, Boolean operations and multi-base arithmetic. You can make bit juggling and testing easy.

Need to simplify problems that are more complex? Choose between two HP-41 models—the HP-41CV gives you 128 built-in functions—and the HP-41CX over 200—to simplify your long homework assignments.

And now we've made the HP-41 even more desirable by introducing a brand new software module—the HP-41 Advantage. It's large enough to hold the most popular engineering, mathematical and financial programs ever written for the HP-41. And it's menu-driven. That eliminates overlays and reduces the number of prompts.

In summary, HP calculators are a class act. Their quality has no equal. That's something you can see. Even feel. Right down to the touch of the keys. They're designed to prevent double entry. So you won't enter more than one number at a time.

So go to your campus bookstore and check out HP calculators.

Or call (800) FOR-HPPC toll-free. Ask for Dept. 734B. We'll instantly give you the name of a calculator dealer who has no equal.

ENGL	313	GAY LITERATURE
SOCIOL	310	SOCIALIZATION
SOCIOL	382	SOCIAL PSYCHOLOGY OF SEX ROLES

EXTENDED DAY PROGRAM

Spring 1986

The schedule which appears in the following pages is for the convenience of students taking courses in what we call our "extended day" — the late afternoon and evening hours. The majority of these courses begin at 6:00 p.m. (18:00 hours) and meet once a week for two and one half hours Monday through Thursday evenings. Some disciplines require that courses meet twice a week for one hour and fifteen minutes. These courses are usually scheduled from 6:00 to 7:15 p.m. or 7:30 to 8:45 p.m. Monday and Wednesday evenings.

Programs Available in the Evening

Many of the University's more than sixty degree programs are represented by extended day courses. In some programs, students can complete all degree requirements through evening study alone — that is, by taking courses scheduled after 5:00 p.m. These programs are:

Undergraduate

Computer Science
Economics
English
History
Management
Political Science
Psychology
Sociology

Graduate

American Civilization
Bilingual/ESL Studies
Business Administration
Chemistry
Computer Science
Counselor Training
Human Services
Instructional Media
Public Affairs
Applied Sociology
School Psychology
Special Education

Undergraduate Advising

COLLEGE OF ARTS AND SCIENCES

Monday, December 2 through Thursday, December 5; 10:00 a.m.–12:00 p.m. and 2:00 p.m.–6:00 p.m.
Friday, December 6; 10:00 a.m.–12:00 p.m. and 2:00 p.m.–4:00 p.m.
McCormack Hall, 3rd Floor, Room 130. Telephone 929-8220.

COLLEGE OF MANAGEMENT

Monday, December 2 through Thursday, December 5; 9:00 a.m.–7:00 p.m.
Friday, December 6; 9:00 a.m.–5:00 p.m.
McCormack Hall, Office of Student Services, 3rd Floor, Room 415. Telephone 929-8105.

INSTITUTE FOR LEARNING AND TEACHING

Tuesday, December 3; 4:00 p.m.–6:30 p.m.
Science Building, ILT Conference Room, 3rd Floor.
Telephone 929-8562.

SCHOOL OF NURSING

Monday, December 2 through Thursday, December 5; 8:30 a.m.–6:30 p.m.
Friday, December 6; 8:30 a.m.–4:00 p.m.
Science Building, School of Nursing, 2nd Floor. Telephone 929-8500. Advisors: Myron Segelman & Diane Pedulla.

Advising for Graduate Programs

Matriculated graduate students should contact their graduate program directors for registration materials and advising. Continuing Graduate Special Students can obtain their forms in the Office of Graduate Admissions and Records, Administration Building, 2nd Floor, or from their graduate program directors.

Timetable Key to Show Equivalent 24 Hour Time

6:00 pm	=	18:00 hours

If your plans for the future include college, the Army Reserve can fit nicely into your plans.

You'll get hands-on training in one of hundreds of potential careers, from communications to electronics to engineering.

You'll learn from experienced, first-rate instructors. And you'll hone your skill by working on a Saturday and Sunday each month at a Reserve center near your college.

The money you earn (an average of $1,500 a year) will help with your expenses. In addition, you may qualify for educational benefits—up to $5,040 in student aid from the New GI Bill, and a student loan repayment program.

Find out more about the Army Reserve. If you're headed for college, it's a step in the right direction.

See your local Army Reserve Recruiter today. Or call toll-free 1-800-USA-ARMY.

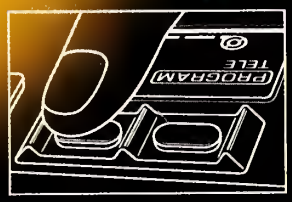
The New Vision of Photography

Touch The Future.

Canon puts the power of the computer at your fingertips with the next major step forward in 35mm photography. The Canon T70, combining optical, mechanical and computer engineering that set it apart from any camera you have ever seen or handled.



For focus-and-shoot convenience, there are three programmed modes: STANDARD for normal subjects; TELE for action and telephoto lenses; WIDE for increased depth-of-field with wide-angle lenses.

There's also Shutter-priority automation, stopped-down automation and full manual control. The optional Canon Speedlite 277T also provides two separate automatic flash modes.

There's dual metering: center-weighted average *and* selective area, measuring only 11% of the viewfinder area. The built-in Power Winder provides auto loading, film advance and power rewind, too.

What's missing? Traditional knobs and levers—replaced by touch-buttons that set and control all functions. A Liquid Crystal Display with non-volatile memory provides full information readout. The optional Canon Command Back 70 provides even more incredible capabilities. And the entire line of over fifty Canon FD lenses can be used.

Touch the future. At your authorized Canon dealer now.
